

Tackling cost of living is our number one priority.

As a local mum, I know that families in Rockingham are under pressure – that’s why tackling cost of living is my number one priority.

The Cook Labor Government has delivered real cost of living relief by:

- ✓ **Slashing \$700 off household power bills** in 2024, bringing total bower bill relief to \$2,100 since 2020.
- ✓ Delivered the **WA Student Assistance Payment** - providing **\$150** for each kindergartener and primary school student at **\$250** for each secondary school student to assist with school costs.
- ✓ Capping Public Transport fees to two-zones, and making it free for students during the school week, and free for everyone on Sundays.
- ✓ Making **130 priority TAFE courses free** and giving **payments of \$1,000 to construction apprentices** after they complete their training milestones for tools and safety equipment.
- ✓ More than doubling the **KidSport vouchers program to \$500**, helping parents cover the cost of kids in sport.
- ✓ Introducing the **WA Rent Relief Program**, giving tenants at risk of eviction **up to \$5,000** in direct rental support - supporting more than 1,900 families with more support ongoing.

Only the Cook Labor Government has the experience to keep WA’s economy strong, protect our share of the GST and invest in our schools, healthcare and local facilities that families rely on.

The Cook Labor Government’s record:

- ✓ Successfully reversed Liberal-National plans to **privatise Western Power**
- ✓ **Slashing \$700 off household power bills** this year, bringing total power bill relief to \$2,100 since 2020
- ✓ Reintroduced the **Seniors Security Rebate**
- ✓ Added more than **2,300** social homes with more than **1,000** under contract or construction
- ✓ Kept water and power fees increases to **well below inflation**
- ✓ **Reversed Liberal-National fee hikes** in TAFE, and have made many courses **fee-free**

The Liberals and Nationals record:

- Tried to **privatise** Western Power, which would have put WA at the mercy of private energy corporations
- Didn’t fund one single electricity credit despite ruining the budget with **debt**
- **Scrapped** the popular Seniors Security Rebate
- Have **no policies** to build more houses
- **Nearly doubled** power and water **fees** while in office
- **Hiked up** TAFE fees by as much as **570%**

I Want to Hear From You!

We are lucky to live in the best place in the world. I grew up in Cooloongup and now live in Waikiki with my young family – there is no place I would rather be.

As your local Member, I am keen to hear your feedback on how we can make our community an even better place to live, work, raise a family, and retire.

Complete my short community survey by scanning the QR code

You can also complete it on my website magentamarshall.com.au so that your voice is heard and represented.

Magenta Marshall

Member for Rockingham

Dear neighbour,

I'm Rockingham born and raised. I grew up in Cooloongup and live in Waikiki with my husband Jake, where we are raising our young family.

Throughout my life, I have been driven by my passion for equality and equal access to opportunities. I want to make sure that future generations growing up in Rockingham, like I did, have access to the best education, quality local jobs and strong public healthcare.

As part of the Roger Cook Labor Government, I'm proud of what we've achieved together. Our economy is the best in the country, and we've created local jobs, secured our share of the GST and restored the AAA credit rating.

All while delivering cost of living relief, strengthening our health system, and boosting housing supply.

As a local mum, I understand the challenges facing families in Rockingham. I'm proud to be investing in upgrades to our local schools, expanding tourism opportunities in Rockingham, and improving our hospital and road network.

There is always more to be done and I am committed to continue delivering for our community.

Yours sincerely,

Delivering Upgrades for our Local Schools

It was great to have the Minister for Education in Rockingham last month as we visited Safety Bay Senior High School to unveil the initial renders for the \$40 million redevelopment to the school.

These upgrades will provide local students and teachers with the modern learning and teaching facilities needed to ensure students can best learn, develop, and play.

The new learning spaces will provide dedicated spaces where students can develop their skills in areas such as the arts, sport, science, and cooking.

It was great to see the students' passion in action, and I'm proud that the Cook Labor Government is delivering these much needed upgrades to our local schools.

Investing in education is an investment in our future. **That's why we are also delivering \$60 million redevelopment to Rockingham Senior High School and Education Support Centre**, with initial siteworks and planning currently underway. And in partnership with the Albanese Labor Government, we're boosting funding to all Western Australian public schools, with an additional \$1.6 billion locked in for the next 5 years.

Come Say Hello - No Appointment Needed!

As your local Member, I want to be accessible to you.

I regularly door knock, open my office on weekends, and hold coffee catch ups to hear from as many people in Rockingham as possible.

If you have an issue you would like to discuss or a suggestion to improve our community, please come along to one of my coffee catch ups - no appointment needed!

Road, Rockingham

Representing Rockingham is the greatest honour of my lifetime. I will always work hard, listen to locals, and fight to deliver for Rockingham.

*Yours Sincerely,
Magenta Marshall*

We're Putting Patients First

Western Australians can trust the Cook Labor Government to invest in a health system that puts patients first. Since coming to office we have:

- ✓ Stabilised the health system following the significant disruption of the pandemic, with **ambulance ramping down 22.5% and elective surgery wait times down 31%** since the pandemic peak.
- ✓ Delivered record health and mental health investment, **giving WA the highest level of health funding per person** of any state in the nation.
- ✓ Committed to the construction of a **new world-class Woman and Babies Hospital in Murdoch**, expanding maternity, gynaecology and neonatal services for families in the southern suburbs.

I know that Rockingham locals put their trust in our local Rockingham General Hospital for their health care needs. Which is why I'm proud that since 2021, we have:

- ✓ **Added 30 new beds at Rockingham Hospital**, and over **800 beds across WA** - the equivalent of a new tertiary hospital.
- ✓ **Opened an Urgent Care Clinic in Rockingham** in partnership with the Albanese Labor Government, providing **free GP appointments** for Medicare card holders.
- ✓ Established an **Emergency Department Musculoskeletal clinic at Rockingham Hospital** which has reduced the length of stay in ED by 75%.
- ✓ Committed to delivering a **Mental Health Emergency Centre** and **Behavioural Assessment Urgent Care Centre** at Rockingham Hospital.

More Support for our Little Penguins

Our State Government has further strengthened our support for our iconic little penguins by forming the Little Penguin Advisory Group, a diverse team of experts dedicated to safeguarding the future of WA's little penguins.

This independent group comprises of scientists, marine park coordinators, and local representatives. Together, they'll be piecing together the latest research to identify what conservation actions our little penguins need most.

We have already implemented a range of support for the little penguins, and this independent group will help guide further support measures.

We're Boosting WA's Housing Supply

We're pulling every lever and leaving no stone unturned to boost WA's housing supply and keep rentals affordable.

Already the Cook Labor Government has:

- ✓ Invested a record **\$3.6 billion in housing and homelessness** since 2021 which has already delivered more than **2,900 social homes** with more than **1,000** under contract or construction - that's equal to a new suburb.
- ✓ **Reduced Keystart interest rates** which has saved customers thousands of dollars on interest payments, and raised the maximum property price for a low-deposit Keystart loan - **giving more WA families more options** to get a loan for a new home.
- ✓ Supported more than **1,900 families** across WA at risk of eviction through the **WA Rent Relief Program**. Giving tenants at risk of eviction up to **\$5,000** in direct rental support - with more support ongoing.
- ✓ **Boosted our construction workforce** by helping small and medium businesses with the cost of taking on apprentices and offering \$1,000 rebates to apprentices to help pay for tools, growing our construction workforce and **getting homes built faster**.
- ✓ **Made renting fairer** by banning rent bidding, reducing the frequency of rent increases, and allowing tenants to make minor modifications to their home.
- ✓ Expanded the State Government's **Homeless Engagement, Assessment and Response Team (HEART) service to Rockingham**, helping highly vulnerable people transition from homelessness into safe accommodation and housing.

We're working to address Traffic Issues in Rockingham

Like many locals, I know firsthand the traffic congestion that occurs around Parkin Street and Point Peron, and I have seen the effects the heavy trucks are having on the local residents and roads.

The Cook and Albanese Labor Governments will invest \$2 million over the next year to deliver the required studies that will inform the infrastructure and transport requirements surrounding HMAS Stirling.

I am committed to ensuring Rockingham gets the local road upgrades we need.

MAGENTA MARSHALL & THE COOK LABOR GOVERNMENT ARE DELIVERING FOR ROCKINGHAM

Since 2021, the Cook Labor Government has delivered significant investment across Rockingham. I am proud to have delivered on my commitments and to be supporting upgrades to local schools, road infrastructure, and recreational facilities.
